SUNNYSOFT

Bezpečnost baterie

- Zařízení obsahuje knoflíkovou baterii (Li). NEROZEBÍREJTE, NEROZBIJEJTE ani nevystavujte nadměrnému teplu — hrozí výbuch. • Baterie není výměnná. Nevyměňujte ji sami — jen odborný servis. • Při deformaci, nabrání nebo uniku baterie ihned přestaňte kameru používat a kontaktujte servis.

Pamětová karta

- Před použitím vložte pamětovou kartu (prodává se samostatně).
- Podporované karty: MicroSD, 32 GB – 512 GB, U3 (UHS-3) nebo vyšší.
- Při prvním vložení naformátujte kartu v kameře.
- Nevkládejte ani nevytahujte pamětovou kartu při zapnutí kameře.
- Používejte kvalitní pamětové karty od renomovaného prodejce.

Bezpečnostní pokyny

- Před použitím si pečlivě přečtěte tento návod a uschovejte ho na bezpečném místě.
- Tato palubní kamera pomáhá řidičům se zaznamenaním okolí vozidla. Nezárukuje bezpečnost jízdy.
- Neinstalujte tak, aby blokovala výhled řidiče nebo airbag.
- Nepoužívejte při teplotách nad 60 °C nebo pod -10 °C.
- Uchovejte mimo dosah silných magnetických polí.
- Toto zařízení není hračka – malé součásti mohou představovat riziko udusení u dětí.

SUNNYSOFT

Obsah balení

- Palubní kamera 70mai T400 x 1
- Držák (předmontovaný) x 1
- Napájecí kabel x 1
- Nabíječka do auta x 1
- Samolepící nálepková x 1
- Elektrostatická nálepková x 2
- Nastroj na kabel x 1
- Sada zadní kamery RC21 x 1
- Navod k použití x 1

Prehled výrobku

1-Display / 2-Function buttons / 3-Power button / 4-Microphone / 5-Ventilation holes / 6-Indicator / 7-Cabin camera / 8-Bracket / 9-Speaker / 10-Front camera / 11-Power port / 12-Rear camera port / 13-Memory card slot / 14-Adhesive sticker

Please read this manual carefully before using the product and keep it in a safe place.

Memory Card Instructions

- A memory card (sold separately) must be installed in the dash cam before use.
- The dash cam supports standard microSD cards. Please use memory cards with capacity of 32GB-512GB and rating of U3(UHS-3) or higher.
- The default file partition format of the memory card may be inconsistent with the format supported by the dash cam. When inserting the memory card for the first time, please format it in the dash cam before use. Formatting the memory card will delete all files on the card. Please back up important data to another device beforehand.
- The memory card may become damaged or deteriorated after repeated cycles of overwriting, and this may affect its ability to save video and image files. If this occurs, immediately replace it with a new memory card.
- Please use a high-quality memory card purchased from a reputable vendor. Inferior memory cards may have issues such as the actual reading/writing speeds do not match the stated speeds, and the actual storage capacity does not match the stated storage capacity. We shall not be held liable for lost or damaged videos caused by the use of a low-quality memory card.
- Do not insert or remove a memory card while the dash cam is turned on.

Battery Safety

- This device contains a coin battery (lithium battery). DO NOT disassemble, smash, or subject

the product to excessive heat, as this could result in explosion.

- The battery is non-removable. DO NOT attempt to replace or repair it. If replacement is required, ONLY have it replaced by a professional with the same model.
- Do not use the product in extreme weathers. Temperatures that are too low or too high may cause the battery to explode or give off flammable gas or liquid.
- Dispose of the cam following all local and national regulations on electronic waste disposal.
- If the battery becomes deformed, swollen, or starts leaking during use or storage, stop using the dash cam immediately in order to avoid safety issues, and contact after-sales service.

Precautions

- Before using this dash cam, please read all the precautions and the online guide to ensure correct and safe use.
- This dash cam is intended to assist drivers with the purpose of recording the environment outside the vehicle. The dash cam does not guarantee the user's driving safety. We shall not be held liable for any accident, damage, or loss of information caused by operating the dash cam while driving.
- Due to differences in vehicle conditions, driving style, driving environment, etc., some functions may not work properly. A power failure, usage in environments outside the normal operating temperature or humidity range, a collision, or a damaged memory card may cause the dash cam to function abnormally. There is no guarantee that this dash cam will function normally under all

Instalace

- 1. Instalace elektrostaticke nalepky — Nalezte nalepku na doporučené místo na čelním skle. Vytlačte vzduchové bubliny.
- 2. Instalace držáku — Zarovnejte držák s drážkou na zadní straně kamery a zasunte ho nahoru.
- 3. Vložení památové karty — Vložte památovou kartu do slotu.
- 4. Montáž kamery — Odstrazte krycí vrstvu z držáku a nalezte kameru na elektrostatická nalepka.
- 5. Pripojení napájecího kabelu — Propojte kameru s nabíječkou autonabíječky kabelem.
- 6. Vedení kabelu — Přiveďte kabel k zásuvce vozidla a zapojte nabíječku. Nastartujte motor – kamera se automaticky zapne.
- 7. Nastavení uhlu kamery — Upravte úhel podle obrázu na hlavní obrazovce po zapnutí.

circumstances. Videos recorded by this dash cam are for reference only.

- Please install this dash cam correctly, and do not block the driver's line of sight, nor block the vehicle's airbag, in order to avoid product failure or personal injury.
- Please use the included car charger, power cord, and other accessories in order to avoid product failure due to non-conformance. We shall not be held liable for any loss or damage caused by the use of a non-genuine car charger or power cord.
- Please keep this dash cam away from any strong magnetic fields, as they may cause damage to the dash cam.
- Do not use this dash cam in environments with temperatures over 60°C or below -10°C.
- Please only use this dash cam within the scope permitted by law.
- This device is not a toy. Some of its small components may pose risk of suffocation to children. Keep it out of the reach of children.

Package Contents

If you purchased the Dash Cam Set, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

- Rear camera package* × 1

* This package contains the rear camera, rear camera wire and other accessories for the rear camera. For more information, please refer to the rear camera user manual.

If you purchased the dash cam only, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

Product Overview

- ① Display screen
- ② Function buttons
- ③ Power button
- ④ Microphone
- ⑤ Ventilation holes
- ⑥ Indicator
- ⑦ Cabin camera
- ⑧ Bracket
- ⑨ Speaker
- ⑩ Front camera
- ⑪ Power port
- ⑫ Rear camera port
- ⑬ Memory card slot
- ⑭ Adhesive sticker

Note: Illustrations of the product, accessories, and user interface in the user manual are for reference purposes only. The actual product and functions may vary due to product enhancements.

Installation

1. Installing the electrostatic sticker

Paste the electrostatic sticker on the recommended

area on the front windshield. Press the sticker to remove air bubbles out.

Avoid the edge of the windshield and select the flat and smooth area for the installation.

Note: Keep the windshield clean and dry without liquid residue to prevent the sticker from losing adhesion and dash cam from dropping.

2. Installing the mount

Align the mount to the slot on the back and slide it up.

3. Inserting the memory card

Insert the memory card into the card slot.

Krok 4–6 / Steps 4–6

4. Mounting the dash cam

Remove the release liner on the mount and paste the cam to the electrostatic sticker.

and plug the car charger into the power outlet. Start the car engine, and the dash cam will automatically turn on.

Notes:

- Use the included wiring trim tool to hide the power cord underneath the vehicle's headliner and rubber seal along the A-pillar.
- Depending on the vehicle, the cigarette lighter socket may be located in a different position. The above figure is for reference only.

5. Connecting the power cord

Connect the dash cam and car charger with the power cord.

7. Adjusting the camera angle

Adjust the camera angle based on the image presented on the main screen when dash cam is turned on.

6. Routing cable

Route the power cord to the vehicle's power outlet

Connecting with the 70mai App

This product can be used in conjunction with the 70mai app. Follow the steps below to connect it with

04

Krok 7 + Aplikace / Step 7 + App

Pripojeni k aplikaci 70mai

Stahnte aplikaci 70mai (QR kod nebo App Store / Google Play). Na stranice zarizeni stisknete '+', vyberte typ kamery. Zapnete kameru, aktivujte Wi-Fi hotspot a pripojte se dle pokynach v aplikaci.

Hlasove ovladani

Kamera podporuje hlasove ovladani v anglictine a mandarinstine. Prikazy: 'Take photo', 'Record video', 'Record audio', 'Turn off audio', 'Enable hotspot', 'Disable hotspot'.

Bezpieczeństwo baterii

- Zarządzenie zawiera baterię (Li). NEROZEBIREJTE, NEROZBIJEJTE ani nie wystawiajcie nadmiernej temperaturze — grozi wybuch.
- Baterie nie są wymienne. Nie wymieniajcie ich sami — tylko specjalista.
- W przypadku uszkodzenia, pęknięcia lub wycieku baterii natychmiast przestańcie używać kamery i skontaktujcie się z serwisem.

Karta pamięci

- Przed użyciem należy zainstalować kartę pamięci (sprzedawana oddzielnie).
- Obsługiwane karty: MicroSD, 32 GB – 512 GB, U3 (UHS-3) lub wyższa klasa.
- Po pierwszym włożeniu sformatować kartę w kamerze.
- Nie wkładać ani nie wyjmować karty pamięci przy włączonej kamerze.
- Używać kart pamięci wysokiej jakości od renomowanego sprzedawcy.

Instrukcje bezpieczeństwa

- Przed użyciem prosimy uważnie zapoznać się z niniejszą instrukcją.
- Kamera służy do wspomagania kierowców przy nagrywaniu otoczenia pojazdu. Nie gwarantuje bezpieczeństwa jazdy.
- Nie instalować tak, aby blokowała pole widzenia kierowcy lub poduszkę powietrzną.
- Nie używać w temperaturach powyżej 60 °C lub poniżej -10 °C.
- Przechowywać z dala od silnych pól magnetycznych.
- Urządzenie nie jest zabawką — małe części mogą stanowić zagrożenie uduszenia dla dzieci.

Zawartosc opakowania

- Kamera Dash Cam 70mai T400 x 1
- Uchwyt (fabrycznie zamontowany) x 1
- Kabel zasilajacy x 1
- Ladowarka samochodowa x 1
- Naklejka samoprzylepna x 1
- Naklejka elektrostatyczna x 2
- Narzedzie do kabli x 1
- Zestaw kamery tylnej RC21 x 1
- Instrukcja obslugi x 1

Przegląd produktu

1-Display / 2-Function buttons / 3-Power button / 4-Microphone / 5-Ventilation holes / 6-Indicator / 7-Cabin camera / 8-Bracket / 9-Speaker / 10-Front camera / 11-Power port / 12-Rear camera port / 13-Memory card slot / 14-Adhesive sticker

Please read this manual carefully before using the product and keep it in a safe place.

Memory Card Instructions

- A memory card (sold separately) must be installed in the dash cam before use.
- The dash cam supports standard microSD cards. Please use memory cards with capacity of 32GB-512GB and rating of U3(UHS-3) or higher.
- The default file partition format of the memory card may be inconsistent with the format supported by the dash cam. When inserting the memory card for the first time, please format it in the dash cam before use. Formatting the memory card will delete all files on the card. Please back up important data to another device beforehand.
- The memory card may become damaged or deteriorated after repeated cycles of overwriting, and this may affect its ability to save video and image files. If this occurs, immediately replace it with a new memory card.
- Please use a high-quality memory card purchased from a reputable vendor. Inferior memory cards may have issues such as the actual reading/writing speeds do not match the stated speeds, and the actual storage capacity does not match the stated storage capacity. We shall not be held liable for lost or damaged videos caused by the use of a low-quality memory card.
- Do not insert or remove a memory card while the dash cam is turned on.

Battery Safety

- This device contains a coin battery (lithium battery). DO NOT disassemble, smash, or subject

the product to excessive heat, as this could result in explosion.

- The battery is non-removable. DO NOT attempt to replace or repair it. If replacement is required, ONLY have it replaced by a professional with the same model.
- Do not use the product in extreme weathers. Temperatures that are too low or too high may cause the battery to explode or give off flammable gas or liquid.
- Dispose of the cam following all local and national regulations on electronic waste disposal.
- If the battery becomes deformed, swollen, or starts leaking during use or storage, stop using the dash cam immediately in order to avoid safety issues, and contact after-sales service.

Precautions

- Before using this dash cam, please read all the precautions and the online guide to ensure correct and safe use.
- This dash cam is intended to assist drivers with the purpose of recording the environment outside the vehicle. The dash cam does not guarantee the user's driving safety. We shall not be held liable for any accident, damage, or loss of information caused by operating the dash cam while driving.
- Due to differences in vehicle conditions, driving style, driving environment, etc., some functions may not work properly. A power failure, usage in environments outside the normal operating temperature or humidity range, a collision, or a damaged memory card may cause the dash cam to function abnormally. There is no guarantee that this dash cam will function normally under all

Instalacja

- 1. Instalacja naklejki elektrostatycznej — Należyc naklejke na zalecany obszar przedniej szyby. Docisnac, aby usunac pecherzyki powietrza.
- 2. Montaz uchwyty — Uchwyt dopasowac do gniazda z tylu kamery i przesunac go w gore.
- 3. Wlozenie karty pamieci — Wlozyc karte pamieci do gniazda karty.
- 4. Montaz kamery — Zdjac folie z uchwyty i przykleic kamere do naklejki elektrostatycznej.
- 5. Podlaczenie przewodu zasilajacego — Polaczyc kamere z ladowarka samochodowa za pomoca kabla.
- 6. Prowadzenie przewodu — Przewod doprowadzic do gniazda zasilania i podlaczyc ladowarke. Uruchomic silnik – kamera wlaczy sie automatycznie.
- 7. Regulacja kata kamery — Dostosowac kat kamery na podstawie obrazu na ekranie glownym po wlaczeniu.

circumstances. Videos recorded by this dash cam are for reference only.

- Please install this dash cam correctly, and do not block the driver's line of sight, nor block the vehicle's airbag, in order to avoid product failure or personal injury.
- Please use the included car charger, power cord, and other accessories in order to avoid product failure due to non-conformance. We shall not be held liable for any loss or damage caused by the use of a non-genuine car charger or power cord.
- Please keep this dash cam away from any strong magnetic fields, as they may cause damage to the dash cam.
- Do not use this dash cam in environments with temperatures over 60°C or below -10°C.
- Please only use this dash cam within the scope permitted by law.
- This device is not a toy. Some of its small components may pose risk of suffocation to children. Keep it out of the reach of children.

Package Contents

If you purchased the Dash Cam Set, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

- Rear camera package* × 1

* This package contains the rear camera, rear camera wire and other accessories for the rear camera. For more information, please refer to the rear camera user manual.

If you purchased the dash cam only, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

Product Overview

- ① Display screen
- ② Function buttons
- ③ Power button
- ④ Microphone
- ⑤ Ventilation holes
- ⑥ Indicator
- ⑦ Cabin camera
- ⑧ Bracket
- ⑨ Speaker
- ⑩ Front camera
- ⑪ Power port
- ⑫ Rear camera port
- ⑬ Memory card slot
- ⑭ Adhesive sticker

Note: Illustrations of the product, accessories, and user interface in the user manual are for reference purposes only. The actual product and functions may vary due to product enhancements.

Installation

1. Installing the electrostatic sticker

Paste the electrostatic sticker on the recommended

area on the front windshield. Press the sticker to remove air bubbles out.
Avoid the edge of the windshield and select the flat and smooth area for the installation.
Note: Keep the windshield clean and dry without liquid residue to prevent the sticker from losing adhesion and dash cam from dropping.

2. Installing the mount

Align the mount to the slot on the back and slide it up.

3. Inserting the memory card

Insert the memory card into the card slot.

03

Krok 4-6 / Steps 4-6

4. Mounting the dash cam

Remove the release liner on the mount and paste the cam to the electrostatic sticker.

and plug the car charger into the power outlet. Start the car engine, and the dash cam will automatically turn on.

Notes:

- Use the included wiring trim tool to hide the power cord underneath the vehicle's headliner and rubber seal along the A-pillar.
- Depending on the vehicle, the cigarette lighter socket may be located in a different position. The above figure is for reference only.

5. Connecting the power cord

Connect the dash cam and car charger with the power cord.

7. Adjusting the camera angle

Adjust the camera angle based on the image presented on the main screen when dash cam is turned on.

6. Routing cable

Route the power cord to the vehicle's power outlet

Connecting with the 70mai App

This product can be used in conjunction with the 70mai app. Follow the steps below to connect it with

04

Krok 7 + Aplikace / Step 7 + App

Laczenie z aplikacja 70mai

Pobierz aplikacje 70mai (kod QR lub App Store/Google Play). Stukac '+' na stronie urzadzenia, wybrac typ kamery. Wlaczyc kamere, aktywowac hotspot Wi-Fi i postepowac zgodnie z instrukcjami w aplikacji.

Sterowanie glosowe

Kamera obsluje sterowanie glosowe w jezyku angielskim i mandarynskim. Polecenia: 'Take photo', 'Record video', 'Record audio', 'Turn off audio', 'Enable hotspot', 'Disable hotspot'.

SUNNYSOFT

Siguranta bateriei

- Zarizeni obsahuje knoflíkovou baterii (Li). NEROZEBIREJTE, NEROZBIJEJTE ani nevystavujte nadmerneemu teplu — hrozi vybuch. • Baterie neni vymenna. Nevymenjujte ji sami — jen odborný servis. • Pri deformaci, nabreknutí nebo uniku baterie ihned prestante kameru pouzivat a kontaktujte servis.

Card de memorie

- Inainte de utilizare trebuie instalat un card de memorie (vandut separat).
- Carduri acceptate: MicroSD, 32 GB – 512 GB, U3 (UHS-3) sau mai mare.
- La prima introducere, formatati cardul in camera de bord.
- Nu introduceti si nu scoateti cardul de memorie in timp ce camera este pornita.
- Utilizati un card de memorie de inalta calitate de la un furnizor de incredere.

Instructiuni de siguranta

- Va rugam sa cititi cu atentie acest manual inainte de utilizare si sa il pastrati intr-un loc sigur.
- Camera de bord este destinata inregistrarii mediului exterior al vehiculului. Nu garanteaza siguranta la condus.
- Nu instalati astfel incat sa blocheze raza vizuala a soferului sau airbagul.
- Nu utilizati la temperaturi peste 60 °C sau sub -10 °C.
- Nu permiteti apropierea de campuri magnetice puternice.
- Dispozitivul nu este o jucarie — componentele mici pot prezenta risc de sufocare pentru copii.

Prezentarea produsului — 70mai T400

Montarea

- 1. Montarea autocolantului electrostatic — Lipiti autocolantul pe zona recomandata a parbrizului. Apasati pentru a elimina bulele de aer.
- 2. Instalarea suportului — Aliniati suportul la slotul de pe spate si glisati-l in sus.
- 3. Introducerea cardului de memorie — Introduceti cardul de memorie in slot.
- 4. Montarea camerei de bord — Indepartati folia protectoare de pe suport si lipiti camera pe autocolant.
- 5. Conectarea cablului de alimentare — Conectati camera si incarcatorul cu cablul de alimentare.
- 6. Instalarea cablului — Dirijati cablul spre priza vehiculului si conectati incarcatorul. Porniti motorul — camera porneste automat.
- 7. Reglarea unghiului camerei — Ajustati unghiul pe baza imaginii de pe ecranul principal dupa pornire.

circumstances. Videos recorded by this dash cam are for reference only.

- Please install this dash cam correctly, and do not block the driver's line of sight, nor block the vehicle's airbag, in order to avoid product failure or personal injury.
- Please use the included car charger, power cord, and other accessories in order to avoid product failure due to non-conformance. We shall not be held liable for any loss or damage caused by the use of a non-genuine car charger or power cord.
- Please keep this dash cam away from any strong magnetic fields, as they may cause damage to the dash cam.
- Do not use this dash cam in environments with temperatures over 60°C or below -10°C.
- Please only use this dash cam within the scope permitted by law.
- This device is not a toy. Some of its small components may pose risk of suffocation to children. Keep it out of the reach of children.

Package Contents

If you purchased the Dash Cam Set, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

- Rear camera package* × 1

* This package contains the rear camera, rear camera wire and other accessories for the rear camera. For more information, please refer to the rear camera user manual.

If you purchased the dash cam only, check the following items in the package:

- Dash Cam × 1
- Mount (pre-installed on the dash cam) × 1
- Power cord × 1
- Car charger × 1
- Adhesive sticker × 1
- Electrostatic sticker × 2
- Wiring trim tool × 1
- User manual × 1

Installation

1. Installing the electrostatic sticker

Paste the electrostatic sticker on the recommended

area on the front windshield. Press the sticker to remove air bubbles out.
Avoid the edge of the windshield and select the flat and smooth area for the installation.
Note: Keep the windshield clean and dry without liquid residue to prevent the sticker from losing adhesion and dash cam from dropping.

2. Installing the mount

Align the mount to the slot on the back and slide it up.

3. Inserting the memory card

Insert the memory card into the card slot.

Krok 4–6 / Steps 4–6

4. Mounting the dash cam

Remove the release liner on the mount and paste the cam to the electrostatic sticker.

and plug the car charger into the power outlet. Start the car engine, and the dash cam will automatically turn on.

Notes:

- Use the included wiring trim tool to hide the power cord underneath the vehicle's headliner and rubber seal along the A-pillar.
- Depending on the vehicle, the cigarette lighter socket may be located in a different position. The above figure is for reference only.

5. Connecting the power cord

Connect the dash cam and car charger with the power cord.

7. Adjusting the camera angle

Adjust the camera angle based on the image presented on the main screen when dash cam is turned on.

6. Routing cable

Route the power cord to the vehicle's power outlet

Connecting with the 70mai App

This product can be used in conjunction with the 70mai app. Follow the steps below to connect it with

04

Krok 7 + Aplikace / Step 7 + App

Conectarea la aplicatia 70mai

Descarcati aplicatia 70mai (cod QR sau App Store/Google Play). Atingeti '+' pe pagina dispozitivului, selectati tipul de camera. Porniti camera, activati hotspot-ul Wi-Fi si urmati instructiunile din aplicatie.

Control vocal

Camera suporta control vocal in engleza si mandarina. Comenzi: 'Take photo', 'Record video', 'Record audio', 'Turn off audio', 'Enable hotspot', 'Disable hotspot'.

SUNNYSOFT

Безопасност на батерията

- Zarizeni obsahuje knoflíkovou baterii (Li). NEROZEBIREJTE, NEROZBIJEJTE ani nevystavujte nadmerneemu teplu — hrozi vybuch. • Baterie není výměnná. Nevyměňujte ji sami — jen odborný servis. • Při deformaci, nabreknutí nebo uniku baterie ihned přestane kameru používat a kontaktujte servis.

Паметна карта

- Преди употреба вставьте паметна карта (продава се отделно).
- Поддържани карти: MicroSD, 32 GB – 512 GB, U3 (UHS-3) или по-високо.
- При първо вставяне форматирайте картата в камерата.
- Не вставяйте и не изваждайте картата при включена камера.
- Използвайте карти с високо качество от надежден продавач.

Инструкции за безопасност

- Преди употреба прочетете внимателно това ръководство и го съхранете на безопасно място.
- Камерата помага на шофьорите да записват околната среда. Не гарантира безопасност при шофиране.
- Не монтирайте така, че да блокира видимостта на шофьора или ербага.
- Не използвайте при температури над 60 °C или под -10 °C.
- Дръжте настрана от силни магнитни полета.
- Устройството не е играчка — малките части могат да са опасни за деца.

SUNNYSOFT

Съдържание на опаковката

- Палубна камера 70mai T400 x 1
- Държач (предмонтиран) x 1
- Захранващ кабел x 1
- Автомобилно зарядно устройство x 1
- Самолепящ стикер x 1
- Електростатичен стикер x 2
- Инструмент за кабел x 1
- Комплект задна камера RC21 x 1
- Ръководство за потребителя x 1

Обзор на продукта

1-Display / 2-Function buttons / 3-Power button / 4-Microphone / 5-Ventilation holes / 6-Indicator / 7-Cabin camera / 8-Bracket / 9-Speaker / 10-Front camera / 11-Power port / 12-Rear camera port / 13-Memory card slot / 14-Adhesive sticker

Please read this manual carefully before using the product and keep it in a safe place.

Memory Card Instructions

- A memory card (sold separately) must be installed in the dash cam before use.
- The dash cam supports standard microSD cards. Please use memory cards with capacity of 32GB-512GB and rating of U3(UHS-3) or higher.
- The default file partition format of the memory card may be inconsistent with the format supported by the dash cam. When inserting the memory card for the first time, please format it in the dash cam before use. Formatting the memory card will delete all files on the card. Please back up important data to another device beforehand.
- The memory card may become damaged or deteriorated after repeated cycles of overwriting, and this may affect its ability to save video and image files. If this occurs, immediately replace it with a new memory card.
- Please use a high-quality memory card purchased from a reputable vendor. Inferior memory cards may have issues such as the actual reading/writing speeds do not match the stated speeds, and the actual storage capacity does not match the stated storage capacity. We shall not be held liable for lost or damaged videos caused by the use of a low-quality memory card.
- Do not insert or remove a memory card while the dash cam is turned on.

Battery Safety

- This device contains a coin battery (lithium battery). DO NOT disassemble, smash, or subject

the product to excessive heat, as this could result in explosion.

- The battery is non-removable. DO NOT attempt to replace or repair it. If replacement is required, ONLY have it replaced by a professional with the same model.
- Do not use the product in extreme weathers. Temperatures that are too low or too high may cause the battery to explode or give off flammable gas or liquid.
- Dispose of the cam following all local and national regulations on electronic waste disposal.
- If the battery becomes deformed, swollen, or starts leaking during use or storage, stop using the dash cam immediately in order to avoid safety issues, and contact after-sales service.

Precautions

- Before using this dash cam, please read all the precautions and the online guide to ensure correct and safe use.
- This dash cam is intended to assist drivers with the purpose of recording the environment outside the vehicle. The dash cam does not guarantee the user's driving safety. We shall not be held liable for any accident, damage, or loss of information caused by operating the dash cam while driving.
- Due to differences in vehicle conditions, driving style, driving environment, etc., some functions may not work properly. A power failure, usage in environments outside the normal operating temperature or humidity range, a collision, or a damaged memory card may cause the dash cam to function abnormally. There is no guarantee that this dash cam will function normally under all

Инсталация

- 1. Монтиране на електростатичния стикер — Поставете стикера на предното стъкло. Натиснете, за да отстраните въздушни мехури.
- 2. Монтиране на държача — Насочете държача към слота отзад и плъзнете нагоре.
- 3. Поставяне на паметна карта — Поставете паметната карта в слота.
- 4. Монтаж на камерата — Отстранете защитното фолио от държача и залепете камерата върху електростатичния стикер.
- 5. Свързване на захранващия кабел — Свържете камерата с автомобилното зарядно устройство с кабела.
- 6. Прокарване на кабела — Докарайте кабела до контакта за захранване и запалете зарядното устройство. Стартирайте двигателя — камерата се включва автоматично.
- 7. Настройване на ъгъла — Настройте ъгъла спрямо образа на главния екран след включване.

circumstances. Videos recorded by this dash cam are for reference only.

- Please install this dash cam correctly, and do not block the driver's line of sight, nor block the vehicle's airbag, in order to avoid product failure or personal injury.
- Please use the included car charger, power cord, and other accessories in order to avoid product failure due to non-conformance. We shall not be held liable for any loss or damage caused by the use of a non-genuine car charger or power cord.
- Please keep this dash cam away from any strong magnetic fields, as they may cause damage to the dash cam.
- Do not use this dash cam in environments with temperatures over 60°C or below -10°C.
- Please only use this dash cam within the scope permitted by law.
- This device is not a toy. Some of its small components may pose risk of suffocation to children. Keep it out of the reach of children.
