BLUETOOTH

Turn the speaker on by long pressing the power switch for 2-3 seconds. The Blue LED light flashes quickly. The speaker now has entered the Bluetooth pairing mode.

1. Activate your phone's Bluetooth
2. Go to your phone's Bluetooth settings , scan for new Bluetooth devices
3. Upon discovering the device (Tronsmart Element T6), click the device name and pair with it
4. If your phone ask for pairing code , please enter "0000" and confirm
5. After successful pairing, your speaker will sound a prompt tone and the LED lights blue.

Note: Pairing time is varied with different mobile phones. It only needs to pair the first time and it will auto connect the devices which have already paired before. (Speaker only can remember the last 8 paired devices)

AUX-IN FUNCTION

The speaker also features one AUX audio in port, simply connect the speaker with your non-Bluetooth mobile phone/MP3 player/PC/laptop with the 3.5mm audio jack cable. Once the green LED is on, then you can play music via wired connection.

CHARGING THE SPEAKER

Connect the Micro-USB charging cable to a computer or USB charger, red LED indicates charging status.

Green LED goes on completion of charging. 3-4 hours of charging time based on 5V,1A.)

Low power indication: Speaker will show a red LED to remind you to charge if battery is low (10%).
